The match was continued to-day. During the luncheon interval the weather was equally, and play was not resumed till a quarter-past 3, when the attendance was 200.

Haring and Carter, who had been standing for the last wicket, adding 41 runs between separated, the total being 203 for nine wickets.

Stumps were drawn at 20 minutes to 4 on account of the bad light.

THIRD DAY'S PLAY.

The weather was delightful when the match was continued to-day. The wicket was fast, but there was only a small attendance.

Haring and Rhodes resumed the bowling to the out-put-Haring (34) and Carkeek (21). In the third over, and without any addition being made to the over-night total, Carkeek played a ball from Haring to his wicket, and the innings closed for 203.

Haring took three wickets for 42, Douglas three for 44, Rhodes two for 46, Haring two for 24.

With lead of 51 runs, Lord Londondorough's eleven commenced their second innings, with Spooner and Rhodes. Minnett and Whitty were the bowlers. A separation was soon effected, as, after scoring five, Spooner played on to Whitty. One for 10.

Meek joined Rhodes (3), and a stand was made. The first fifty appeared in 45 minutes, but 17 runs later Rhodes was easily caught and bowled by Haring for 28, made in 25 minutes. Two for 27.

When Denison joined Meek the latter was 31. The pair added 33, then Meek nicked one from Haring, and Carkeek held him, but the record was three for 100, which had taken 55 minutes to compile.

The Jam of Nawanagar was next, but two runs later he did Denison, who was caught in the slips by Kellaway for Whitty for 18. Four for 162.

Jenop followed, but failed to score, Whitty bowling him. Five for 162. Douglas was next, and at the luncheon adjournment the score was five for 165, the Jam of Nawanagar being one and Douglas none.

After the adjournment the attendance had increased to 200. Whitty and Haring resumed the bowling. The score was raised to 171, without a separation being effected, when the innings were closed. The Jam of Nawanagar finished with 20 not out, and Douglas five not out.

Whitty took three for 59, and Haring two for 25.

Requiring 223 to win, Mayne and Kellaway commenced Australia's second innings to the bowling of Haring and Rhodes. A great stand was made. The first fifty appeared in 45 minutes, and at 52 Mayne was 30 and Kellaway 19.

The batsmen continued in possession until stumps were drawn, when play ceased. The total was 135, Mayne being 69 and Kellaway 82. The South Australian made his first 50 runs in 55 minutes, but was missed in the slips when he had scored 100.

At the finish the Australians required 85 runs to win, with all their wickets intact. Even bowlers tried unsuccessfully to dissolve the partnership.

HARNESS BREAKS.

SCHOOL CHILDREN INJURED.

A party of children from the Jubilee Ragged School, Surry Hills, met with a serious accident on Saturday afternoon near the Artarmon Railway Station.

The children had been on a salute study exercise to the bus near Artarmon. Towards dark they were returning to the station, when William Bramley, living in Gordon-street, Chiswick, happened to pass by in a cart, and offered to give the youngsters a lift. The offer was accepted, and the party clambered into the cart.

When going down a hill near the Artarmon station portion of the harness broke, with the result that the cart tipped backwards, throwing all the children into the air. Three of the party—William McGowan, 4, Helena Anderson, 5, and Lawrence Anderson, 4—were rendered unconscious, but the remainder of the party escaped with a shaking.

Dr. Foreman, who lives in the vicinity, was summoned. After treatment the two Andersons recovered consciousness, but young McGowan still remained unconscious, and was taken to the Royal North Shore Hospital, where he was admitted. He, however, did not recover consciousness for some hours, but now shows improvement. Later in the evening the two Anderson children became worse, and were removed to the hospital. The girl was allowed to leave the institution after treatment, but the boy was admitted, suffering from slight concussion.

VEND CASE.

REPLY TO MR. HUGHES.

The Federal Attorney-General, Mr. Hughes, when questioned on Thursday about "the little arrangement" suggested to him for the settlement of the coal owners' appeal in the Vend case, denied that there was any truth in the statement that he was going to the shipping applicants.

What gave rise to the questions occurring in the High Court on Wednesday during the hearing of the shipping companies' appeal when Mr. Hughes asked the Court to draw an inference from the fact that the penalties had been paid by the colliery proprietors, and that they were not going to the shipping applicants, was the fact that the penalties had been paid by the colliery proprietors, and that they were not going to the shipping applicants.

**YOU WILL WANT

Spring is here, and beautifully fine and warm weather will be. And you want a White Dress!

Fashion says distinctly: "White." And you had better be in the style, don't you?

PITT-STREET HORDERN

will show you nothing unfashionable of date, be sure of that.

And if Fashion is explicit, how sympathetic is it in its declaration of "White," and "swain's" "consent."

And how about Washing? That's a point to be sure; and Pure White is quite an economy there.

And the final point of Economy—does it need argument? A Dress that costs a little more in comparison with the majority, and a little soap and water will make new friends for you. It has few rivals for your Spring and Summer.
